### ANDERSON MAN IS MAKING GOOD

**Luther O'Neal Has Secured Fine Position in Northwest Panama With Railroad Service**

It is a habit with Anderson boys to go away from home and make good. This does not mean to say that they cannot make good here at home, but at the same time, almost all of those who have gone from here have made their mark.  
Luther O'Neal, who is remembered by many Anderson people and is a brother of Bonham O'Neal, who lives near this city, has secured the position of roadmaster of the Canquinoia railroad in Northwest Panama. He has just gone to Bocas del Toro to take up his duties, and just as soon as he gets located, his wife and children, who are visiting Mr. Bonham O'Neal, will follow him. The Canquinoia railway is about 100 miles in length and extends in the interior of the country. It is owned and operated by the United Fruit Steamship company.

### THE SIGNATURE IS NOT GENUINE

**Dr. McIntosh Says It is a "Clever Imitation," When Certificate Was Shown Him**

Columbia, July 25.—In a statement issued tonight the governor said that the statement that he read at the Richmond campaign meeting was the only one that he had ever received. He submitted several affidavits asserting that the signature was that of Dr. McIntosh and Dr. A. B. Knowlton.  
When the certificate, which the governor read was shown to Dr. McIntosh tonight, he said that it was a "clever imitation" but that it was not his signature.  
Dr. James H. McIntosh, in his first interview today at Knowlton's Hospital gave an account of the attack upon him early Thursday morning by an unknown man.  
"The man who held me up was rather small in size, with weight from 125 to 135 pounds, slender built, medium height and I think was clean shaven."

Berlin, July 25.—A Budapest dispatch to the Vossische Zeitung says that General Radomir Putnik, chief of the general staff of the Serbian army, has been arrested by the Hungarian military authorities while on the way from Styria, in Austria to Belgrade.

Vienna, July 25.—Martial law has been declared throughout the Austro-Hungarian empire.

Berlin, July 25.—According to the Lokal Anzeiger, Emperor William's yacht is due to arrive at Swinemunde Sunday afternoon.

Rome, July 25.—All efforts of Italy seem to be, in concert with Great Britain, to exercise conciliatory action for the reestablishment of peace. The secretary-general of the ministry of foreign affairs and the British ambassador twice visited the Austrian ambassador today.

Carlsbad, July 25.—Lieutenant General Helmuth von Moltke, chief of the Prussian staff, left here tonight for Berlin.

Ischl, July 25.—The health of the Emperor Francis Joseph is good in spite of the excitement of the last few days. The emperor will remain at Ischl. No arrangements have been made for his departure.

Paris, July 25.—The possibility of a general European war is commented upon extensively by the French Press. "If Europe wants peace Serbia must be conquered," declared the newspaper Aurore. It further expressed the hope that the government will take note of "the German menace and support its ally, Russia, for the national honor and even in the interests of European peace."

Bergen, Norway, July 25.—The German emperor left here suddenly this evening for Berlin in view of the serious situation that has arisen between Austria and Serbia. Divisions of the German fleet have been ordered to assemble at prearranged places on the Norwegian coast. One of the high naval officers, who accompanied the emperor has started for Germany on board the fastest destroyer.

said Dr. McIntosh. "His features, as well as I could see, were sharp. He was dressed in dark trousers, a dark shirt and had a cap well pulled down over his face," he continued.  
"As he went over the fence he turned and said with an oath, 'well, you won't worry Colie tomorrow,'" said Dr. McIntosh.  
Mrs. C. Y. Roemer, who lives on Pendleton street, has told the police that on the night that Dr. McIntosh was shot she heard an automobile stop on the corner near her home. The engine was left running for some time and that attracted her attention. The clock struck 2. She heard the pistol shots soon after the car moved off.
